**RUGGED RIDGE ANNOUNCES HEAVY DUTY CARGO NET SYSTEM  
FOR 2007-2015 2-DOOR JEEP WRANGLER**

*Cargo Net System Keeps Gear in Place and Retains Function of the Factory Top*

**Suwanee, Ga. (September 2014)** – [Rugged Ridge](#)® today announced the availability of its new [Cargo Net System for the 2-door '07-'15 Jeep® Wrangler JK](#). This new application follows the successful introduction of the same [Cargo Net System for 4-door Wrangler Unlimited models](#), in fall 2013.

Rugged Ridge’s Cargo Net System installs in minutes and retains access to the Jeep’s top clamps so owners can still use the factory top.

**Photo Credit:** Omix-ADA

The Rugged Ridge Cargo Net System is constructed from heavy duty, double layer 600 Denier polyester webbing to keep gear in place and protect valuables while off-roading. Engineered to handle the roughest trails as well as regular daily use, the webbing is UV treated, waterproof, anti-static and tear resistant.

The Cargo Net System is an all-in-one package that doesn’t require Jeep owners to make any major modifications to their vehicle, making it easy to install. The Cargo Net retains access to the Jeep’s top clamps, allowing drivers to leave the netting in place while also preserving function of the factory top.

“The great thing about this new cargo net system is that it provides a really unique safari-type look, but still maintains the functionality of the factory top, giving Jeep owners the best of both worlds – form and function,” said Chris Van Buren, Design Engineer at Omix-ADA.

The Rugged Ridge Cargo Net System is available online and through select Jeep and off-road parts/accessories retailers nationwide with a MSRP of **\$364.99**.

For more information about Rugged Ridge’s complete line of high-quality Jeep and off-road products, or to find an authorized retailer, please contact Rugged Ridge at 770-614-6101 or visit its website at [www.RuggedRidge.com](http://www.RuggedRidge.com).
