**RUGGED RIDGE ANNOUNCES NEW SPARTACUS HEAVY DUTY
TIRE CARRIER FOR '07-'15 JEEP WRANGLER**

Design Utilizes Factory Mounting Holes and Hinges, Accommodates Up to 37-Inch Tires

Suwanee, Ga. (August 2015) – [Rugged Ridge](#)®, a leading manufacturer of high-quality Jeep accessories, today announced the release of its new Heavy Duty Tire Carrier for the 2007-2015 Jeep Wrangler (JK).

Designed to accommodate up to a 37-inch tire, the Rugged Ridge Heavy Duty Tire Carrier enables Jeep owners to carry a larger spare tire without having to purchase an aftermarket bumper. The cast aluminum tire carrier replaces the factory Jeep hinges and uses factory mounting holes, so no drilling is necessary for installation.

“There are a number of tire carriers on the market, but they often leave a lot to be desired,” said Patrick Bennett, Product Development Manager at Omix-ADA. “We engineered this new Heavy Duty Tire Carrier to allow Jeep owners the ability to operate both the tire carrier and tailgate simultaneously, while also minimizing wear on the tailgate and tailgate hinges.”

The Rugged Ridge Heavy Duty Tire Carrier is backed by Rugged Ridge’s 5-year limited warranty and will be available spring of 2015 online and through select Jeep and off-road parts/accessories retailers nationwide with an MSRP of **\$533.99**.

For more information about the Heavy Duty Tire Carrier, Rugged Ridge’s complete line of high-quality Jeep and off-road products, or to find an approved retailer, please contact Rugged Ridge at 770-614-6101 or visit www.RuggedRidge.com.

Part Number	Description	MSRP
11546.51	Heavy Duty Tire Carrier Kit (Available Spring 2015)	\$533.99
