RUGGED RIDGE INTRODUCES NEW WINDSHIELD DUAL MOUNT LIGHT BRACKET FOR '07-'15 JEEP® WRANGLER

Easy to Install No-Drill Bracket Accommodates Two Round or Cube LED Lights, Providing Extra Visibility Where it's Needed on the Trail at Night

Suwanee, Ga. (February 2015) – [Rugged Ridge®](http://RuggedRidge.com), a leading manufacturer of high-quality Jeep® accessories, today introduced a new Windshield Dual Mount Light Bracket for the 2007-2015 Jeep® Wrangler (JK), providing new options for added visibility during evenings on the trail.

Rugged Ridge's new A-pillar mounted LED light brackets accommodate two additional round or cube-style lights and are engineered for easy installation, requiring zero cutting or drilling.

Photo Credit: Omix-ADA

Constructed from heavy-duty steel and available with either a long-lasting gloss or textured black powder-coated finish, the new brackets are easily mounted to the lower A-pillar in front of the windshield using the JK's existing mounting bolt holes, meaning there is no drilling or cutting required for installation.

Rugged Ridge's Dual Light Brackets are compatible with most 4-inch and smaller, round or cube-style, LED lights and are backed by Rugged Ridge's 5-year limited warranty.

The new brackets will be available late fall 2014 online and through select Jeep and off-road parts/accessories retailers nationwide with an MSRP of **\$80.99**.

For more information about the new Windshield Dual Light Bracket, Rugged Ridge's complete line of high-quality Jeep and off-road products, or to find an approved retailer, please contact Rugged Ridge at 770-614-6101 or visit www.RuggedRidge.com.

Part Number	Description	MSRP
11232.25	Windshield Dual Light Bracket (Available Late Fall 2014)	\$80.99
