## **RUGGED RIDGE ADDS NEW XHD STINGER GUARD FOR XHD BUMPER-EQUIPPED 1976-2016 JEEP CY / YJ / TJ AND JK**

*New XHD Stinger Guard Gives the XHD Steel Front Bumper an Aggressive and Cutting-Edge Look*

**Suwanee, Ga. (February 28, 2017)** – [Rugged Ridge](#)<sup>®</sup>, an industry leading manufacturer of high-quality Jeep<sup>®</sup>, truck and off-road accessories, today announced the addition of a new XHD Stinger Guard as an addition to the popular XHD Steel Front Bumper series, which is currently available for 1976-2016 Jeep CJ / YJ / TJ and JK models.

The Rugged Ridge XHD Stinger Guard is a one-piece design constructed of a high-strength stamped steel plate that is contoured to match the dimensions of the XHD Stinger (11540.13) and then finished in a tough, trail-ready black textured powder coat for durability and rugged aesthetics. The center area of the XHD Stinger Guard is vented to provide better airflow to the grill and radiator while still providing increased protection from hazards on and off-road.

Since the Rugged Ridge XHD Stinger Guard is designed specifically for the Rugged Ridge XHD Stinger, installation is simple with only minimal drilling required and all mounting hardware and instructions included. The XHD Stinger Guard will allow for full use of the XHD Stinger Winch Hook Holder when properly installed, preserving all of its functionality, but with a new and integrated look.

Rugged Ridge's new XHD Stinger Guard combines aggressive off-road styling with an increased level of protection for the grill and radiator, whether on the trail or the highway.
